**PEMGUARD™ 353 SECURITY ASTRAGAL**

Enhanced Security

The PemGuard™ 353 Security Astragal features double the wall thickness of comparable products and integrates multiple layers of forced entry deterrents, delivering unmatched strength and peace of mind. Engineered to enhance door security by minimizing pry points, it's designed specifically for outswing doors and provides robust protection for both single and double door configurations.

Constructed from durable 6063-T6 aluminum, the two-piece astragal offers superior tamper resistance and reduces the need for field modifications, making it ideal for both new construction and retrofit applications.

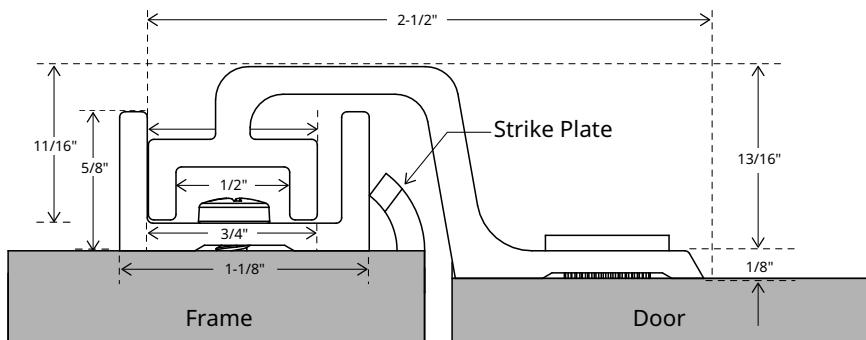

The ASSA ABLOY Group is the global leader in access solutions. Every day we help people feel safe, secure and experience a more open world.
